Good morning,

Please allow me an opportunity to introduce you to TNG Worldwide/The Industry Source. During this trying time, our company, one of the country's largest suppliers of spa and beauty operational supplies and in business for 35 years, has refocused from its core business selling to spas and salons to help those most in need. We have been working 24/7 to be able to provide medical facilities with an assortment of KN95 masks and other pertinent items. If you are in need or know someone looking for sources, please feel free to pass on this information about our company. My contact info is below. We are ONLY selling to the medical/first responder community at this time.

As of last week, we are now able to provide the medical field these much needed items. For expediency of getting items to you quickly, we can accept credit cards or ACH (electronic checks) for payment. We cannot offer term payments. Shipment is from our New Hudson Michigan corporate headquarters and shipping lead times will be dependent on your location. We generally ship via Fed Ex Ground (on orders which weigh less than 300#). Images available upon request.

1. **#110332 3 Ply Medical Masks – \$29.99/box of 50** Offers maximum comfort, protection and ease of use. Medical quality with a bacterial filtration efficiency (BFE) of greater than 99%. 3-Ply construction with soft, fluid resistant nonwoven outer layers and highly absorbent inner layer.
